FIRE SAFETY EXCELLENCE

ALARM SUPPLY

Products & Services

Since 1982

Alarm Supply Pte Ltd An ISO9001:2015 Certified Company

Singapore • Brunei • Indonesia • Malaysia • Philippines • Taiwan • Hong Kong • Thailand • Vietnam

EXPERIENCE. EXPERTISE. EXCELLENCE.

Your Answer To All Things Fire Safety

Alarm Supply Pte Ltd is an ISO 9001:2015 certified fire equipment and systems designer, supplier, installer and maintenance company for commercial, industrial, marine, offshore and petrochemical industries.

Since 1982 we have delivered products across the world together with our partners, and installed proven solutions across Asia on construction and maritime projects.

Our expertise means you get cost-effective and reliable fire protection solutions with professional ongoing support that offers peace of mind for you and your stakeholders.

OUR ASSURANCE TO YOU

Fair Prices

Offering cost-effective products, services and solutions

Total Solutions

From design to implementation to maintenance

Quality Service

Providing project expertise and continuous support

We put our solutions together with various reputable makers so you can get reliable parts that are cost-effective and available, giving you the freedom to choose what's best for you.

TRUSTED TO DELIVER

Industry leaders and business of all sizes have trusted us since 1982 to deliver on products and solutions with peace of mind for you and your clients. Our successful track record in recent years include:

ABB Pte Ltd
Applied Materials South East Asia Pte Ltd
Glow Marine Pte Ltd
Lita Ocean Pte Ltd
Penguin International Limited
Port of Singapore Authority
PSA Marine (Pte) Ltd
PT Cahaya Samura Shipyard
Sato Kogyo Co Ltd
Seatrium Pte Ltd
Shell Eastern Petroleum Limited
Singapore Civil Defence Force
Singapore Police Coast Guard
Singapore Telecommunications Limited
ST Engineering Marine Ltd
Stolthaven Singapore Pte Ltd
The Polyolefin Co (S) Pte Ltd
Vallianz Holdings Limited

RENOWN BRANDS

We actively work with **more than 30 manufacturers** so that you get the best combination of solutions and spare parts for your needs.

EXPERTISE

Decades of experience **working with product certifications and authorities** means you get the right solution for your purpose and application.

GREEN SOLUTIONS

Various products and solutions we offer are built towards sustainability and **minimizing our impact on the environment.**

DIGITALIZATION

Digital and **remote services** means you can easily gain access to information on your project, and support that can be administered at virtually any time without being on-site.

Alarm Supply is Apollo's first overseas business partner since 1982. We remain a loyal and trustworthy partner delivering Apollo's range throughout Southeast Asia

Select products may be available only in specified territories in accordance with distributorship agreements

1

FIRE & GAS DETECTION SYSTEMS

Build virtually any configuration of fire detection & alarm system with all types of equipment you would need

FIRE CONTROL PANELS

Conventional • Addressable • Marine Approved • Remote Access

Modern fire control panels provide robust, versatile and effective control of fire detection and alarm systems, gas detection systems, fire extinguishing systems, and integrations with a wide range of field equipment.

DETECTORS & COMPONENTS

I.S. Protocol Translator

Heat Detector

Smoke Detector

Multisensor Detector

Detector Base

Manual Call Point

Intrinsically-Safe & Marine-Type Models Available

BEAM DETECTORS

Up to 120m range
Auto-alignment capabilities

GAS DETECTORS

**Fixed • Portable • Multi Gas
Flameproof • Intrinsically-Safe
IECEX, ATEX Certified • SIL-Rated**

FLAME DETECTORS

UV • IR3 • Multispectrum

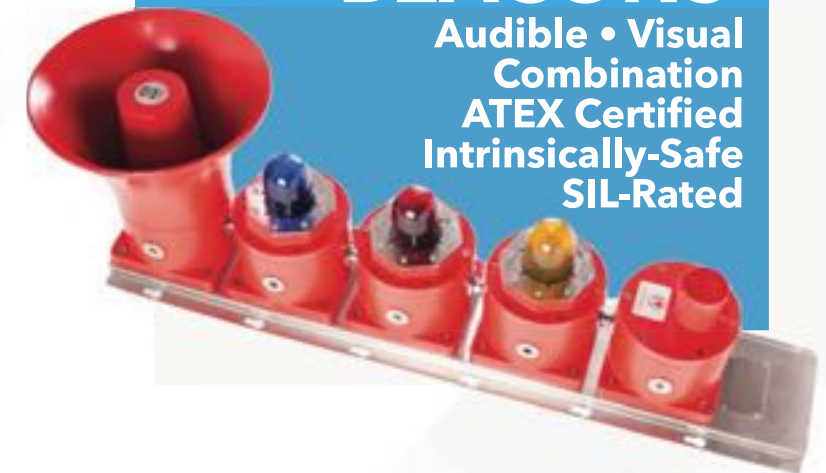

High immunity to false alarms

AUDIO & VISUAL WARNING

SOUNDERS BEACONS

**Audible • Visual
Combination
ATEX Certified
Intrinsically-Safe
SIL-Rated**

LINEAR HEAT CABLES

Analogue • Digital

Detect heat along the **entire length** of the cable up to 500m in each system. Easy to install, maintain and replace.

Data sheets, certificates and product information are available upon request

Brands we offer

2 INTEGRATION & SPECIALIZED EQUIPMENT

Integrate your systems with specialized equipment and other management systems with our programming, installation and integration expertise

PUBLIC ADDRESS GENERAL ALARM

Maintenance Free
Explosion Proof

FIRE PREVENTION

Prevent fires from starting before they can even begin. Early detection allows for the generation and release of nitrogen into the environment to a point where combustion cannot take place

FIRE DAMPERS

Marine Approved
Pneumatic • Electric
Dynamic • Static
With Fusible Link

Available in
various dimensions

PROGRAMMABLE LOGIC CONTROLLERS

IEC compliant • SIL Rated

An integral part of control and safety management, PLCs are programmed and customized to manage events between critical devices and equipment to deliver sophisticated safety coverage

Marine approved panel
that is easy to install
and use for aerosol fire
suppression systems

MARINE CONTROL PANEL

Passive • Active
Up to 1000m

WATER LEAK DETECTION

VESDA & ASPIRATING SMOKE DETECTORS

Smoke Detection • Gas Detection • Use in High & Low Temperatures

Unmatched in sensitivity and precision, Aspirating Smoke Detectors (ASDs) use continuous air sampling to detect even the faintest traces of smoke, ensuring early and reliable fire detection.

BARRIERS

Zener Barrier
Galvanic Isolator
Multi-Channel

Tailor your solution

Alarm Supply can consult, design, install and support your solution implementation, ensuring you make the right choices for your projects. Get in touch to find out more.

Data sheets, certificates
and product information
are available upon request

Brands we offer

FIRE EXTINGUISHING SYSTEMS

Modern fire fighting solutions that will be tailored to your needs

CO2

UL Listed
Marine Type Approvals

The versatile extinguishing solution that is quick, non-conductive, leaves no residues and has minimal environmental impact.

FIRE EXTINGUISHERS

2kg to 9kg

CLEAN AGENT

NOVEC-1230 • FM200

Fast and safe for people and electronics while leaving no residue.

WATER MIST

High Pressure • Low Pressure
NFPA 750 Class
Marine Approved

Close Type

Open Type

AEROSOL

Environmentally-Friendly • Cost-Effective • Marine Approved
Minimal Maintenance • Suitable for Battery Rooms

Avoid all the issues that comes with traditional fire suppression systems as Aerosol systems require no piping, pressurized cylinders, water reservoirs, nozzles, valves or other parts. Aerosol systems are easy to install while remaining highly effective at fire suppression.

Suitable for Battery Rooms

SPRINKLER

Wet Pipe
Dry Pipe
Pre-Action
Deluge
Marine Approved

WATER MONITOR

Fixed
Automatic
Remote/Manual

FOAM EXTINGUISHING AGENT

Low Expansion • High Expansion
Marine Approved

Data sheets, certificates and product information are available upon request

Brands we offer

4 PROJECTS & PROFESSIONAL SERVICES

End-to-end services for all fire safety matters

*Alarm Supply consults across the whole life cycle of your project to help you get the job **done**.*

SUPPLY

Specification of equipment
Procurement and delivery

DESIGN & DOCUMENTATION

Propose design and drawings
Submissions for authorities and **IACS Class** requirements

IMPLEMENTATION

Fabrication, assembly and programming
Installation and integration

TRAINING, TEST & COMMISSIONING

Testing, troubleshooting, survey attendance and handover
Workshop training

ONGOING MAINTENANCE & SUPPORT

Regular systems testing and reporting
Technical support and procurement of spare parts

Used widely by professionals in fire safety, DetectorTesters offers the world's only ISO 9001 and 14001-approved detector testing products to help ensure that fire detection and alarm systems are reliable and compliant with safety standards. Its wide range of tools ensures you can perform tests of very high and out-of-reach equipment safely, effectively and easily without taking unnecessary risks, and enhancing overall safety standards for everyone.

Professional Testing Tools

Commercial
Construction
Data Centres
Oil & Gas
Marine & Offshore
Warehouse

Certified for systems that need to be
Intrinsically-Safe
Explosion-Proof
Marine Type Approved
IEC Compliant

WE ARE AT YOUR SERVICE

No matter which stage of your journey you are in, you can trust us to provide fast and clear advice to keep you moving **forward**.
